

SELF-DIRECTED IRA

OVERVIEW

A self-directed IRA is an individual retirement account in which the investor is in charge of making the investment decisions.

A self-directed IRA allows you to diversify your retirement savings, it provides the investor with opportunities for asset diversification outside of the traditional stocks, bonds and mutual funds.

Self-Directed accommodate, but are not limited to:

Private placements
Private securities

Notes / Real estate
Limited partnerships

Precious metals
Commodities
Crowd funding investments

More control
vs. traditional
